Take Your Music Making To The Next Level

Virtual Orchestra dramatically expands music making opportunities and makes learning easy. EZ10 offers refined control, expanded voicing, and musical flexibility so you always make great sound. With extended player features the combinations, sound layers and creative possibilities are tremendous. And the all-new Performer technology creates three dynamic musical soundscapes - all in one instrument. Choose to sound like a Pianist, a Guitarist, or one of many types of Full Band. EZ10 gives you the power to take your music making to the next level.
