

2,903 Presets

Presets are groups of sounds, features, effects, volume settings, and tonal balances for the organ that are made by Lowrey and stored in the organ for fast and easy access. Just press one or two buttons to get a complete sound. The **Stardust** holds an astounding 2,903 presets. The first preset, the one that is on every Lowrey organ, is the Sweet Lowrey Organ sound. Just turn the organ on and there it is!

10 General Presets Ten great-sounding set ups. Just press one of the ten buttons and the entire organ is ready.

2,112 Rhythm Presets Rhythm Preset takes the guesswork out of what sounds to use with any rhythm style. Each Rhythm Style in the **Stardust** (192 Styles) is linked to 11 **Rhythm Presets**, producing an incredible number of player options. Simply Press a rhythm style button. Rhythm Preset is immediately active and the organ is completely set up and ready to play. The ten General Preset buttons are transformed into Rhythm Presets.

130 Category Presets Five Category buttons each hold ten presets per group: **Theatre, Country, Big Band, Show, and Latin.** Just press the desired Category button and the 10 General Preset buttons are transformed into ten Category Presets. Press the **More** button and eight more categories appear on the Color Touch Screen: **Sacred, Modern, Bells, Holidays, Jazz, Brass, Nostalgic, and Lush;** each holding ten presets.

50 Bank Presets Fabulous presets, ten in each Bank: **A, B, C, D, E.** Again, just press the desired Bank button and the 10 General Preset buttons are transformed into ten Bank Presets. Create your own sound combinations and save them using the **Memorize** button and build a library on disk of your creations using the **Disk Drive.** You can make your own set ups and you never lose the originals!

600 Song Set Ups Inside the **Stardust** is a listing of 600 popular song tiles. Each song title is linked to a **Song Set Up Preset**, complete with an appropriate Rhythm Style and a beautiful registration for the melody.

That Sweet Lowrey Sound

Stunningly authentic "Live Performance" sound is delivered through the **Stardust's** powerfully sophisticated audio system. A multi-channel configuration, designed specifically for the home environment, produces a full spectrum of musical tones—from crisp, clean highs through rich, commanding lows. Distinct clarity and sound separation is achieved with a complex electronic audio crossover network that allocates the 340 total watts of audio power to each speaker to create a symphony of sound for your home.

11 speakers are strategically placed within for optimum tonal quality.

Monitor Speakers

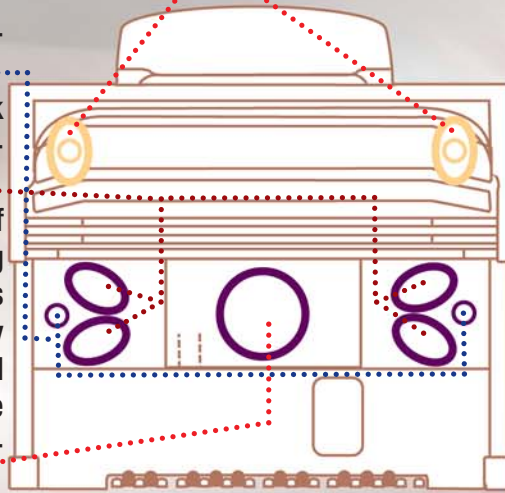

Two mid-range "Monitor" speakers, with two integrated high-range tweeters, are located high in the cabinet expressly for the player's benefit. The Monitor speakers feature an independent volume control.

Stardust Sound System

Two "tweeter" speakers reproduce higher frequency sounds.

Four mid-range speakers flank the inner bass cabinet for maximum sound projection.

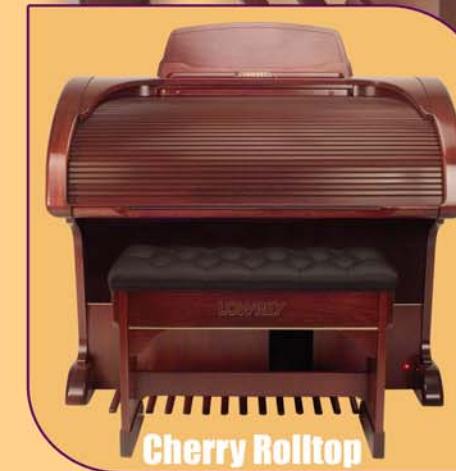

Clean bass tones are the result of 100 watts of audio power being directed exclusively to a 12" bass speaker. Placed in a precisely designed "tuned and ported inner-cabinet" this extra-large bass speaker creates well-defined bass tones.

LOWREY

Color Touch Display

STARDUST SU530

192 Fully-Orchestrated Rhythm Styles

The **Stardust** redefines variety, versatility and expressive freedom with a world wide selection of dynamic rhythm styles.

Lowrey's unique, easy-to-use, rhythm control features provides the player with the ability to manipulate the 192 styles to their heart's content. Each blue style button holds a total of eight distinctive rhythm variations on the **Stardust**. For example, press the blue **Big Band** button and you get a style called **Swing Band**. Press the blue **Variation 1** button and you get **Swing Train**. The **Variation 2** button holds a style called **Swing Chicago**. Press both Variation buttons for at the same time for **More!** Five additional variation categories appear on the Color Touch Screen: **Mellow** – **Bert's Bounce**, **Exciting** - **Boogie Woogie**, **Danceable** – **Vegas Big Band**, **Basic**- **Basic Big Band** and **Popular**- **Frank & The Count**. Adding to all this variety is the **Stardust's** numerous easy-play and rhythm control features. Control how much of a style is heard with **Genie** and **Orch Plus**. **Drum Variation** changes the drum pattern in a style and **Drum Only** plays just the drum portion of a style. **Alter Style** makes small changes to a rhythm style, while retaining the style's original character. **Auto Bass 1** or **Auto Bass 2** plays the bass pedals for you. **MCS** is Lowrey's famous easy-play chord system and **Memory** holds the last MCS chord played even after the key is released. **Intro/Ending** adds professionally-scored beginnings and endings to your songs. **Start Stop** begins and pauses a style. Add a break or fill-in with **FX**. **Fade-Out** causes the ending of a style to slowly fade away at the end of a song.

The 172 Rhythm Styles listed below in **standard type** feature a **Minor Chord Introduction**. In addition to the regular Introduction, these styles have a unique Introduction when started by playing a Minor Chord. The 20 Rhythm Styles listed in **Italics** feature standard introductions.

Panel Name	Rhythm Style	Variation 1	Variation 2	Variation More

It's Illuminated!

Lowrey's exclusive **Music Rack Extender** brings printed music closer to the seated player. Just slide the extender drawer out and lift the secondary music rack from its storage spot and insert in it the sheet on the shelf. With the secondary rack in place the shelf slides in and out for adjustment. The extender's ideal location allows the rolltop cover to be opened and closed with the secondary rack in place. Press the **Music** button and a row of lights illuminate the secondary music rack. Close the extender shelf and the lights go out while at the same time turning on the lights for the primary wood music rack.

Lighted Music Rack Extender

Beauty, Style and Elegance

The **Stardust** looks as good as it sounds! With a sleek design and graceful curves the Stardust adds a luxurious touch to any home. Finishes are available in rich cherry or American oak. Refined details such as steam bent wood solids and natural wood roll-tops create an instrument that is truly unmatched in beauty and sound.

The **Stardust's** bench offers several convenient features. The thick, comfortable padding makes those long sessions playing the organ even more enjoyable. Adding to the splendid design are drawers on each end that provide generous space for sheet music and music book storage; large enough to hold your favorite 9"x12" folios. One side even adds a storage area for 3.5" disks!

Holds full-size sheets and folios

Deeply padded, Leather-Like Upholstered Bench with Dual Storage Drawers
